WHAT IS SASH?

Support And Services at Home (SASH) is a collaborative program that offers coordinated supportive services where you live. We will work with you to **assess your health and wellness needs, connect you with resources, and meet your goals.** There are SASH Hubs throughout the state. Ask your provider for the nearest SASH site or email SASH@cathedralsquare.org and we will get you connected.

WHAT DOES SASH PROVIDE TO PARTICIPANTS?

- Comprehensive Health and Wellness Assessment
- Healthy Living Planning – In which we provide you with tools and resources to meet your wellness goals
- Informed Team to Help in Crisis
- Support With Transitions Back Home From a Hospital or Rehab Stay
- Community Healthy Living Plan – Which offers **free** exercise classes, education and opportunities to socialize with peers
- Check-ins & Coaching
- Wellness Nurse Supports

SASH is person-centered - We want to know you and your preferences.

SASH is focused on prevention, education and support - We want to give you the education and tools you need to meet your health and wellness goals.

SASH does not provide direct services, such as homemaker services, but instead the SASH team will use its varied experience to link you to the programs and services that best meet your needs.

There is no cost to enroll in SASH and participation is completely voluntary

For more information or to join the SASH Program, email SASH@cathedralsquare.org to be connected with the SASH site nearest you.
